SOCIAL SKILLS GROUPS—SPRING 2017

Exceptional Minds Adaptive Learning Services Inc. is pleased to offer our SOCIAL SKILLS program in an enjoyable and interactive environment for children and adolescents between the ages of 6 to 12 (students will be divided into 2 age groups: ages 6-8 and 9-12). Each group size will be kept at a 1:6 ratio. These small group sessions will enable students to interact and learn new skills within a group of appropriately matched peers.

Children must be able to engage in a 2-way conversation and work independently in a group environment to attend this program.

Spring Social Skills curriculum: *Superflex®: A Superhero Social Thinking Curriculum* by Michelle Garcia Winner .

Behaviours include:

- ◆ **SOCIAL THINKING**—learn how social information is part of the brain, how to modify our behaviours using Superflexible strategies, increase self-monitoring and self-awareness skills
- ◆ **PERSPECTIVE TAKING**—thinking about others (someone else's point of view) and expected behaviours
- ◆ **FLEXIBILITY**—understand more about their own flexible and not-so-flexible thinking, socially and behaviourally
- ◆ **SOCIAL SMARTS**—when to use social smarts by increasing awareness of their own thinking and behaviours

Skills are taught through video-modeling, discussion, scripted role-playing and engagement through facilitated games and activities. Take home assignments of the skills that were taught during each session will be provided to families to give them an opportunity to practice and maintain the skills throughout the week.

Our Social Skills Program is an **9-week** program, starting **April 22, 2017** and will be held on Saturdays at our centre: **6685 Millcreek Drive, Unit 1, Mississauga.**
