

SOCIAL SKILLS – WINTER 2019

Exceptional Minds Learning Academy is excited to offer our **WINTER 2019 Social Skills Group** program for children ages 4-6 years with emerging language skills.

This is a play-based program that will allow children to develop skills in the areas of social interaction with peers, social communication, and participating in a small group setting.

Group size will be kept at a 1:3 ratio of therapist to student. The small group sessions will enable students to interact and learn new skills within a group of appropriately matched peers.

Key outlines to the program include:

- ◆ **Language/Communication** (Children build language skills through play with peers. A variety of different activities will be presented that will encourage students to use appropriate communication to practice skills such as requesting items from others, responding to peers, and commenting during activities)
- ◆ **Following Group Instruction** (Being able to attend and participate in group activities/games.)
- ◆ **Peer Play** (Learning to interact with other children through co-operative play and games, and practicing skills such as turn-taking, sharing, joint-attention and playing in a group.)

This is an 10 -week program, held on Saturday mornings from 10am-12pm at :

**Exceptional Minds Learning Academy:
2430 Meadowpine Blvd, Unit 106 Mississauga**

*Spaces are limited and will be filled on a first come, first serve basis.
