

# SUMMER SOCIAL SKILLS 2019

Exceptional Minds Adaptive Learning Academy is offering a **SUMMER 2019 Social Skills** Program for children ages 4-6 with emerging language skills.

This is a play-based program that allows children to develop skills in the areas of social interaction with peers, social communication, and participating in small group settings.

This program is supervised by our Clinical Co-ordinator Lindsay Farrow, M. PEd, BCBA.

## KEY OUTLINES TO THE PROGRAM INCLUDE:

- **Language and communication:** Build language skills through play with peers. A variety of different activities will be presented that will encourage students to use appropriate communication to practice skills such as requesting items from others, responding to peers, and commenting during activities
- **Following Group Instruction:** Attend and participate in group activities/ games
- **Peer Play:** Interact with other children through co-operative play and games, and practicing skills such as turn taking, sharing, joint-attention and playing in a group

Tuesday's 9-11:30am

8 Week Program: July-9, 16, 23, 30, Aug 6, 13, 20, 27
